

## S785 Mortice Lock

Please note: The latchbolt on these locks may be reversed without opening the case. To reverse, insert screwdriver through the back of the case and push the latch bolt out away from the lock face, while pushing turn the screwdriver 180 degrees until the latch bolt realigns and enganges with the lock face.

Use drilling template (see reverse) or hold the lock at the required position.

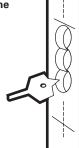

Draw horizontal lines on the door edge marking the top and bottom of the lock body.

Latch Bolt

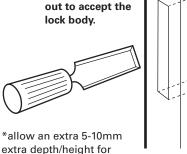

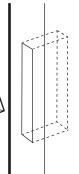

Mark a vertical line at the centre of the door edge between the two horizontal lines.

Using the attached drilling template and a 16mm bit, drill a series of holes A along this line to the depth of the lock body B or C or D or E depending on depth of lock body.

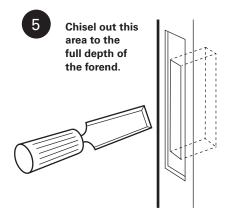

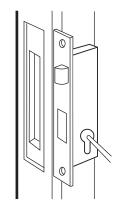

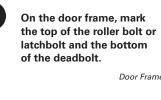

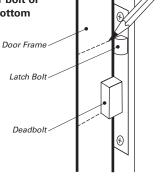

the mortice rebate

Use drilling template (see reverse) or hold the lock against the door and mark the positions for spindle and keyhole F or G or H or depending on backset.

Prepare the hole. Fit the lock and cylinder and ensure that the bolt works correctly. Screw the lock into position.

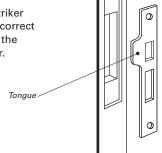

Using these guidelines check out and fit the striker plate.

Ensure tongue of striker plate is around the correct way, depending on the handing of the door.

## **Residential Door Hardware Warranty**

Sylvan residential door hardware products are covered by the following warranty.

- 10 year mechanical.
- 5 year finish (see exclusions below).

Subject to the following conditions:

If a finish or mechanical defect occurs within the warranty period, simply return the product together with proof of purchase to the point of purchase. Upon receipt of defective product it will be either repaired or replaced free of charge. This warranty only applies to the original user of the product, and is non transferable.

The Sylvan residential door hardware warranty excludes the following:

Indirect or consequential loss or damage • Cost of removal and or replacement
• Cost of freight and or travel time • Improper installation or failure to follow fitting
instructions • Abuse or misuse of the product • Use of the product for the purpose
which the product was not designed • Scratches from keys/rings, abrasions or
deterioration due to use of paint, solvents or other chemicals • Use of the product in
exposed coastal or geothermal conditions • The plated finishes of Polish Brass and
Black Nickel are classified as soft finishes. As deterioration is possible under some
climatic conditions, these finishes are excluded from this warranty.
